

ESF EYE PROTECTION

(18.05.2007)

Auszug aus dem Regelwerk für ESF-Jugendturniere.

5. Eye guards

- a) All competitors at ESF approved Junior tournaments (see ESF Junior Calendar) must wear approved protective eye guards, manufactured to an appropriate national safety standard, properly over the eyes at all times during competition play. This includes the knock-up. It is the responsibility of the player to ensure that the quality of the product is satisfactory for the purpose.
- b) The organiser must make this rule mandatory and must mention this on the Entry Form. If this is not done, the tournament will be removed from the Circuit and the results from the tournament will not be included in the ESF Junior Rankings.
- c) It is the responsibility of the player, the referee and finally of the TD to ensure that eye guards are worn over the eyes at all times during play.
- d) Neither the TD nor the referees have responsibility for ensuring the quality of the products worn by the players. Information on which eye guards meet national safety standards may be obtained from the WSF. (Details are also available on the WSF website www.worldsquash.org)
- e) When the referee doubts the suitability of an eye guard, especially in the case of ordinary spectacles or eye protectors without lenses, the referee should be able to provide the player with an alternative approved eye protector to be worn over his/her own spectacles.
- f) The referee should make sure that the cleaning of glasses does not interfere with the continuity of the game.
